Core Competencies

High Performance OEM and Custom Designed Hydraulic Cylinders

- Complete onsite design, manufacturing, fabrication, assembly, testing, remanufacturing, and repair capabilities.
- **Single and Double Acting Rod Cylinders**
 - 2"-10" Bore
 - 24"-160" Length
 - Hollow and Solid Rods
 - Rated up to 5,000 PSI.
- **Single and Double Acting Telescopic Cylinders**
 - 4"-10" ID Bore
 - Up to 500" Stroke Length
 - Two to six Stages
 - Rated up to 3,000 PSI.

Differentiators

- 50 years' experience designing, manufacturing, and fabricating precision-made, high quality hydraulic cylinders.
- US-based 124,466 ft² vertically integrated production facility.
- Test benches with maximum test pressure of 10,000 PSI.
- Multiple 10,000 metric ton crane systems.
- Honing and polishing up to 21 inches in diameter and 45 feet long.
- Onsite primer/finish painting and chromium plating.
